

Annex B - Pricing Sheet

We do hereby offer to supply and perform the work for the basic bid as specified within the RFP documents for an hourly rate of \$_____ (BDA. Dollars) to be stated in words as well as numbers, and billable based on the actual number of hours worked.

The total projected lump sum price of \$_____ dollars in Bermuda funds, includes all applicable taxes and duties, all other costs and fees for applicable permits, approvals and notices as may be required. The total cost for bringing this programme on line, inclusive of a breakdown of hardware, software, analysis/design, and implementation, training for staff, project management and any other costs.

All hardware must be new, or of a relative standard to meet the needs of the programme operated in The Ministry of Legal Affairs and Constitutional Reform for the duration of the contract.

The annual cost of ownership should outline the annual recurring costs to operate the equipment and overall programme, such as the hardware maintenance and support contracts, licensing fees or tariffs as applicable; rental vs ownership of equipment; monitoring guidelines and high-level project plan.

	Hourly and Daily	Projected Annual Hours	Lump sum total ownership	Lump sum total rental
