PART 1 – INVITATION AND SUBMISSION INSTRUCTIONS

1.1 Invitation to Proponents

This Request for Proposals (the “RFP”) is an invitation by the Government of Bermuda (the “Government”) to prospective proponents to submit proposals for **Swing Bridge Condition Assessment and Load Rating** as further described in Section A of the RFP Particulars (Appendix D) (the “Deliverables”).

The Ministry of Public Works seeks to engage a suitable qualified engineering firm to conduct a detailed condition assessment of the Swing Bridge in St George's. Following the condition assessment, the successful proponent will use their findings to analyse the structure, and determine an appropriate load rating for the bridge.

1.2 RFP Contact

For the purposes of this procurement process, the “RFP Contact” will be:

Mr. Austin Kenny at avkenny@gov.bm

Proponents and their representatives are not permitted to contact any employees, officers, agents, elected or appointed officials or other representatives of the Government, other than the RFP Contact, concerning matters regarding this RFP. Failure to adhere to this rule may result in the disqualification of the proponent and the rejection of the proponent's proposal.

Prior to the Submission Deadline noted in the RFP timetable below, proponents that download this file and intend to respond to this RFP are required to register their interest with the RFP contact by emailing their company name and contact information to Mr. Austin Kenny at avkenny@gov.bm

Amendment/addenda (if any) will be posted at <https://www.gov.bm/procurement-notices>. Proponents should visit the Government Portal on a regular basis during the procurement process.

1.3 Type of Contract for Deliverables

The selected proponent will be requested to enter into direct contract negotiations to finalize an agreement with the Government for the provision of the Deliverables. The terms and conditions found in the Form of Agreement (Appendix A) are to form the basis for commencing negotiations between the Government and the selected proponent. It is the Government's intention to enter into an agreement with only one (1) legal entity.

The term of the agreement shall be for a period of 180 days, with an option in favour of the Government to extend the agreement terms and conditions acceptable to the Government and the selected proponent for an additional term of up to 90 days. An Agreement is subject to change until fully executed.

Joint submissions are acceptable however, if a joint submission is made, the submission must clearly indicate which party will act as the prime contractor.

[End of Part 1]

PART 2 – EVALUATION, NEGOTIATION AND AWARD

2.1 Stages of Evaluation and Negotiation

The Government will conduct the evaluation of proposals and negotiations in the following stages:

2.2 Stage I – Mandatory Submission Requirements

Stage I will consist of a review to determine which proposals comply with all of the mandatory submission requirements. If a proposal fails to satisfy all of the mandatory submission requirements, the Government will issue the proponent a rectification notice identifying the deficiencies and providing the proponent an opportunity to rectify the deficiencies. If the proponent fails to satisfy the mandatory submission requirements within the Rectification Period, its proposal will be rejected. The Rectification Period will begin to run from the date and time that the Government issues a rectification notice to the proponent. The mandatory submission requirements are set out in Section C of the RFP Particulars (Appendix D).

2.3 Stage II – Evaluation

Stage II will consist of the following two sub-stages:

2.3.1 Mandatory Technical Requirements

The Government will review the proposals to determine whether the mandatory technical requirements, as set out in Section D of the RFP Particulars (Appendix D), have been met. Questions or queries on the part of the Government as to whether a proposal has met the mandatory technical requirements will be subject to the verification and clarification process set out in Part 3.

2.3.2 Rated Criteria

The Government will evaluate each qualified proposal on the basis of the non-price rated criteria as set out in Section F of the RFP Particulars (Appendix D).

2.4 Stage III – Pricing

Stage III will consist of a scoring of the submitted pricing of each qualified proposal in accordance with the price evaluation method set out in Pricing (Appendix C). The evaluation of the price will be undertaken after the evaluation of mandatory requirements, and rated criteria has been completed.

2.5 Stage IV – Ranking and Contract Negotiations

2.5.1 Ranking of Proponents

After the completion of Stage III, all scores from Stage II and Stage III will be added together, and the proponents will be ranked based on their total scores. The top-ranked proponent will receive a written invitation to enter into direct contract negotiations to finalize the agreement with the Government. In the event of a tie, the selected proponent will be the proponent selected by way of the lowest price.

2.5.2 Contract Negotiation Process

Any negotiations will be subject to the process rules contained in the Terms and Conditions of the RFP Process (Part 3) and will not constitute a legally binding offer to enter into a contract on the part of the Government or the proponent and there will be no legally binding relationship created with any proponent prior to the execution of a written agreement. The terms and conditions found in the Form of Agreement (Appendix A) intended to provide the proponent advance notice of some of the key contractual provisions including indemnities, limitation of liabilities, service requirements, etc. that would be contained in the form of contract and are to form the basis for commencing negotiations between the Government and the selected proponent. Negotiations may include requests by the Government for supplementary information from the proponent to verify, clarify or supplement the information provided in its proposal or to confirm the conclusions reached in the evaluation, and may include requests by the Government for improved pricing or performance terms from the proponent.

2.5.3 Time Period for Negotiations

The Government intends to conclude negotiations and finalize the agreement with the top-ranked proponent during the Contract Negotiation Period, commencing from the date the Government invites the top-ranked proponent to enter negotiations. A proponent invited to enter into direct contract negotiations should therefore be prepared to satisfy the pre-conditions of award listed in Section E of the RFP Particulars (Appendix D), provide requested information in a timely fashion and conduct its negotiations expeditiously.

2.5.4 Failure to Enter into Agreement

If the pre-conditions of award listed in Section E of the RFP Particulars (Appendix D) are not satisfied or if the parties cannot conclude negotiations and finalize the agreement for the Deliverables within the Contract Negotiation Period, the Government may discontinue negotiations with the top-ranked proponent and may invite the next-best-ranked proponent to enter into negotiations. This process will continue until an agreement is finalized, until there are no more proponents remaining that are eligible for negotiations or until the Government elects to cancel the RFP process.

2.5.5 Notification of Negotiation Status

Other proponents that may become eligible for contract negotiations may be notified at the commencement of the negotiation process with the top-ranked proponent.

[End of Part 2]

PART 3 – TERMS AND CONDITIONS OF THE RFP PROCESS

3.1 General Information and Instructions

3.1.1 Proponents to Follow Instructions

Proponents should structure their proposals in accordance with the instructions in this RFP. Where information is requested in this RFP, any response made in a proposal should reference the applicable section numbers of this RFP.

3.1.2 Proposals in English

All proposals must be written in the English language only.

3.1.3 No Incorporation by Reference

3.1.4 References and Past Performance

In the evaluation process, the Government may include information provided by the proponent's referees and may also consider the proponent's past performance or conduct on previous contracts with the Government or other institutions.

3.1.5 Information in RFP Only an Estimate

The Government and its advisers make no representation, warranty or guarantee as to the accuracy of the information or empirical data contained in this RFP or issued by way of addenda. Any quantities shown or data contained in this RFP or provided by way of addenda are estimates only, and are for the sole purpose of indicating to proponents the general scale and scope of the Deliverables. It is the proponent's responsibility to obtain all the information necessary to prepare a proposal in response to this RFP.

3.1.7 Proposal to be Retained by the Government

The Government will not return the proposal or any accompanying documentation submitted by a proponent.

3.1.8 No Guarantee of Volume of Work or Exclusivity of Contract

The Government makes no guarantee of the value or volume of work to be assigned to the successful proponent. The agreement to be negotiated with the selected proponent will not be an exclusive contract for the provision of the described Deliverables. The Government may contract with others for goods and services the same as or similar to the Deliverables or may obtain such goods and services internally.

3.1.9 Equivalency

When proprietary names, brands, catalogues or reference numbers are specified in the Deliverables, they are intended to set a minimum standard, and preference for any particular material or equipment is not intended. The proponent may offer material or equipment of similar characteristics, type, quality, appearance, finish, method of construction and performance and if doing so must disclose any difference in the characteristics, type, quality, appearance, finish, method of construction or performance of the material or equipment.

3.2 Communication after Issuance of RFP

3.2.1 Proponents to Review RFP

Proponents should promptly examine all of the documents comprising this RFP, and may direct questions or seek additional information in writing by email to the RFP Contact on or before the Deadline for Questions. No such communications are to be directed to anyone other than the RFP Contact. The Government is under no obligation to provide additional information, and the Government is not responsible for any information provided by or obtained from any source other than the RFP Contact. It is the responsibility of the proponent to seek clarification from the RFP Contact on any matter it considers to be unclear. The Government is not responsible for any misunderstanding on the part of the proponent concerning this RFP or its process.

3.2.2 All New Information to Proponents by Way of Addenda

This RFP may be amended only by addendum in accordance with this section. If the Government, for any reason, determines that it is necessary to provide additional information relating to this RFP, such information will be communicated to all proponents by addendum. All addenda will be published online at <https://www.gov.bm/procurement-notices>. Each addendum forms an integral part of this RFP and may contain important information, including significant changes to this RFP. Proponents are responsible for obtaining all addenda issued by the Government. In the Submission Form (Appendix B), proponents must confirm their receipt of all addenda by setting out the number of each addendum in the space provided.

3.2.3 Post-Deadline Addenda and Extension of Submission Deadline

If the Government determines that it is necessary to issue an addendum after the Deadline for Issuing Addenda, the Government may extend the Submission Deadline.

3.2.4 Verify, Clarify and Supplement

When evaluating proposals, the Government may request further information from the proponent or third parties in order to verify, clarify or supplement the information provided in the proponent's proposal. The information may include, without limitation, clarification with respect to whether a proposal meets the mandatory technical requirements set out in Section D of the RFP Particulars (Appendix D). The Government may revisit, re-evaluate and rescore the proponent's response or ranking on the basis of any such information.

3.3 Notification and Debriefing

3.3.1 Notification to Other Proponents

Once the Agreement is executed by the Government and a proponent, the other proponents may be notified directly in writing of the outcome of the procurement process.

3.3.2 Debriefing

Proponents may request a debriefing after receipt of a notification of the outcome of the procurement process. All requests must be in writing to the RFP Contact and must be made within sixty (60) days of such notification.

3.3.3 Procurement Protest Procedure

If a proponent wishes to challenge the RFP process, it should provide written notice to the RFP Contact in accordance with the Government's Complaints and Disputes procedures. The notice must provide a detailed explanation of the proponent's concern with the procurement process or its outcome.

3.4 Conflict of Interest and Prohibited Conduct

3.4.1 Conflict of Interest

For the purposes of this RFP, the term "Conflict of Interest" includes, but is not limited to, any situation or circumstance where:

- (a) in relation to the RFP process, the proponent has an unfair advantage or engages in conduct, directly or indirectly, that may give it an unfair advantage, including but not limited to (i) having, or having access to, confidential information of the Government in the preparation of its proposal that is not available to other proponents, (ii) communicating with any person with a view to influencing preferred treatment in the RFP process (including but not limited to the lobbying of decision makers involved in the RFP process), or (iii) engaging in conduct that compromises, or could be seen to compromise, the integrity of the open and competitive RFP process or render that process non-competitive or unfair; or
- (b) in relation to the performance of its contractual obligations under a contract for the Deliverables, the proponent's other commitments, relationships or financial interests (i) could, or could be seen to, exercise an improper influence over the objective, unbiased and impartial exercise of its independent judgement, or (ii) could, or could be seen to, compromise, impair or be incompatible with the effective performance of its contractual obligations.

3.4.2 Disqualification for Conflict of Interest

The Government may disqualify a proponent for any conduct, situation or circumstances, determined by the Government, in its sole and absolute discretion, to constitute a Conflict of Interest as defined above.

3.4.3 Disqualification for Prohibited Conduct

The Government may disqualify a proponent, rescind an invitation to negotiate or terminate a contract subsequently entered into if the Government determines that the proponent has engaged in any conduct prohibited by this RFP.

3.4.4 Prohibited Proponent Communications

Proponents must not engage in any communications that could constitute a Conflict of Interest and should take note of the Conflict of Interest declaration set out in the Submission Form (Appendix B).

3.4.5 Proponent Not to Communicate with Media

Proponents must not at any time directly or indirectly communicate with the media in relation to this RFP or any agreement entered into pursuant to this RFP without first obtaining the written permission of the RFP Contact.

3.4.6 No Lobbying

Proponents shall not in relation to this RFP or the evaluation and selection process, engage directly or indirectly in any form of political action or other activity whatsoever to influence or attempt to influence Parliament, the Government, or to influence or attempt to influence any legislative or regulatory action, in the selection or evaluation of any proponent.

3.4.7 Illegal or Unethical Conduct

The proponent represents, warrants, and covenants that, in connection with activities performed under this Agreement or on behalf of the Government, the proponent has not and will not offer, promise, authorise, pay, or act in furtherance of an offer, promise, authorization, or payment of anything of value, directly or indirectly, to a Government Official (as hereinafter defined), political party or party official, candidate for political office, or official of a public international organisation, in order to obtain or retain business, to secure an improper advantage or benefit of any kind or nature to person(s) related, associated or linked to the Government Official, or to secure or influence discretionary action, inaction or a decision of a Government Official(s). For purposes of this proposal, the term "Government Official" shall mean and include any official, public officer or employee of the Government, as well as an official or employee in the judicial, legislative, or military, anyone acting in an official capacity for the Government, or any immediate family member of such persons. The proponent represents, warrants, and covenants that it has complied and will comply with *The Bribery Act 2016* and all other applicable laws of any relevant jurisdiction in connection with the performance of this Agreement. Without limiting the generality of the foregoing, the proponent represents, warrants, and covenants that it has not and will not take any action that would cause the Government or anyone acting on their behalf to violate or be subjected to penalties under *The Bribery Act 2016*, or the applicable anti-corruption laws of other countries.

The proponent acknowledges and agrees that in the event that the Government believes, in good faith, that the proponent has breached this section, the Government shall have the right to immediately withdraw and terminate this opportunity and terminate any or all other agreements with the proponent.

3.4.8 Past Performance or Past Conduct

The Government may prohibit a supplier from participating in a procurement process based on past performance or based on inappropriate conduct in a prior procurement process, including but not limited to the following:

- (a) illegal or unethical conduct as described above;
- (b) the refusal of the supplier to honour its submitted pricing or other commitments; or
- (c) any conduct, situation or circumstance determined by the Government, in its sole and absolute discretion, to have constituted an undisclosed Conflict of Interest.

3.4.9 No Collusion

Proponents must not engage in any collusion and must sign the certificate as set out in the Certificate of Confirmation of Non-Collusion (Appendix E).

3.5 Confidential Information

3.5.1 Confidential Information of the Government

All information provided by or obtained from the Government in any form in connection with this RFP either before or after the issuance of this RFP

- (a) is the sole property of the Government and must be treated as confidential;
- (b) is not to be used for any purpose other than replying to this RFP and the performance of any subsequent contract for the Deliverables;
- (c) must not be disclosed without prior written authorization from the Government; and
- (d) must be returned by the proponent to the Government immediately upon the request of the Government.

3.5.2 Confidential Information of Proponent

- (a) A proponent should identify any information in its proposal or any accompanying documentation supplied in confidence for which confidentiality is to be maintained by the Government. The confidentiality of such information will be maintained by the Government, except as otherwise required by the Public Access to Information Act 2010 or by order of a court or tribunal.

- (b) Proponents are advised that their proposals will, as necessary, be disclosed, on a confidential basis, to advisers retained by the Government to advise or assist with the RFP process, including the evaluation of proposals. If a proponent has any questions about the collection and use of personal information pursuant to this RFP, questions are to be submitted to the RFP Contact.
- (c) The Proponent is responsible to ensure that they comply with the *Personal Information Protection Act 2016* (“PIPA”), related to any information in the proponent’s custody, care or control.

3.6 Procurement Process Non-Binding

3.6.1 No Process Contract and No Claims

This RFP is a request for proposals only and participation in this RFP is not intended to create legal obligations between the Government and any of the proponents or their representatives. For greater certainty and without limitation:

- (a) Participation in this RFP will not give rise to any preliminary contract or collateral contract;
- (b) No proponent shall have any claim for any compensation of any kind whatsoever (whether in contract, tort, law, equity or otherwise), as a result of participating in this RFP, and by submitting a proposal each proponent shall be deemed to have agreed that it has no claim against the Government;
- (c) The decision to award or not to award a contract to any proponent is at the discretion of the Government. The Government shall have no liability to any proponent with respect to the awarding of a contract or the failure to award a contract to any proponent. Proponents acknowledge that the proponent that submits the proposal with the lowest price might not be awarded a contract.

3.6.2 No Contract until Execution of Written Agreement

This RFP process is intended to identify prospective suppliers for the purposes of negotiating potential agreements. No legal relationship or obligation regarding the procurement of any good or service will be created between the proponent and the Government by this RFP process until the successful negotiation and execution of a written agreement for the acquisition of such goods and/or services.

3.6.3 Non-Binding Price Estimates

While the pricing information provided in proposals will be non-binding prior to the execution of a written agreement, such information will be assessed during the evaluation of the proposals and the ranking of the proponents. Any inaccurate, misleading or incomplete information, including withdrawn or altered pricing, could adversely impact any such evaluation or ranking or the decision of the Government to enter into an agreement for the Deliverables.

3.6.4 Cancellation

The Government may cancel or amend the RFP process without liability at any time. Cancellation may occur, for example, if:

- no qualitatively or financially worthwhile offer has been received or there has been no valid response at all;
- the economic or technical parameters of the project have changed fundamentally;
- exceptional circumstances or force majeure render normal implementation of the project impossible;
- all offers exceed the financial resources available, or are otherwise inconsistent with the principles of economy, efficiency and effectiveness; or
- irregularities require cancellation in the interest of fairness.

The publication of a procurement notice does not commit the Government to implement the programme or project announced.

3.7 Governing Law and Interpretation

These Terms and Conditions of the RFP Process (Part 3):

- (a) are intended to be interpreted broadly and independently (with no particular provision intended to limit the scope of any other provision);
- (b) are non-exhaustive and will not be construed as intending to limit the pre-existing rights of the parties to engage in pre-contractual discussions in accordance with the common law governing direct commercial negotiations; and
- (c) are to be governed by and construed in accordance with the laws of Bermuda applicable therein.

[End of Part 3]

Points will be assigned to each proposal using the following formula:

Step 1 (bidder's bid – low bid price)/low bid price = % in excess of the low bid.

Step 2 Points available- (% in excess X Points Available) = points awarded.

For example, If the Lowest bid is 100,000 and BID B is \$150,000. Bid B is 50% higher than low bid and loses 50% of the available points. If 40 points are available the lowest bid receives 40 points Bid B receives 20 points. Bids exceeding the low bid price by 100% or more receive 0 price points.

In addition to any rectification processes, or rights to verify, clarify and supplement,

- (a) The Government will examine the responses to determine whether they are complete, whether any computational errors have been made, whether the documents have been properly signed, and whether the bids are generally in order.
- (b) Arithmetical errors will be rectified on the following basis:
 - (i) Where there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If the Proponent does not accept the correction of errors, its Bid will be rejected. If there is a discrepancy between words and figures the amount in words will prevail;
 - (ii) Where there is a discrepancy between the amounts in figures and in words, the amounts in words will govern; and

- (iii) Where there is a discrepancy between the individual lump sums and the total amounts derived for the sum of the individual lump sum, the individual lump sum as quoted will govern, and the total amount will be corrected.

A. THE DELIVERABLES

The Ministry of Public Works seeks to engage a suitably qualified engineering firm to conduct a detailed condition assessment of the Swing Bridge in St George's, Bermuda. Following the condition assessment, the successful proponent will use their findings to analyse the structure, and determine an appropriate load rating for the bridge.

It is believed that Swing Bridge's structure was designed and built by a British engineering firm Joseph Westwood & Co. Ltd in the 1960's. It is possible, but not confirmed, that the structure would have been designed to British Standards, presumably to BS153 *The Specification for steel Girder Bridges*, using the latest revision at the time. A Load Rating and Condition Assessment of the Bridge was conducted in 2014, after which temporary strengthening measures for both the Approach Spans and the Swing Span were designed. The Strengthening works were completed in 2017.

1. Project Initiation and Review of Background Information

Reference documents in this list that may be useful in order to price the deliverables may be requested, and will be supplied to all legitimate contractors who register their interest in responding to this Request for Proposal. No mechanical or electrical review is required.

2. Condition Assessment Field Work

This deliverable includes carrying out a detailed structural inspection and dimensional survey works of Swing Bridge's superstructure. Corrosion levels on the existing elements may need to be established.

A high level visual inspection of the concrete abutments, retaining walls, and piers are included. Underwater visual inspection of the bridge foundations are also included in the scope.

This deliverable also includes managing and procuring the access necessary to undertake the surveys, as well as obtaining all the necessary consents. In the case traffic management is required it will be provided by MPW.

3. Condition Assessment Reporting

This deliverable includes the preparation and submittal of a summary of the bridge's condition, based on the field work findings in a draft report. The Summary should include a discussion on updated structural member's section properties and initial safety observations and recommendations. The bridge should be considered only in closed position. There is no intention to open the bridge in the foreseeable future.

Presence of any cracking, spalling, voids, corrosion, scouring, undermining or any other visible defects in the substructure should also be included in the report.

4. Analysis and Load Rating

Load Models

The bridge structural elements and cross beams may be assessed based on the following load models:

Vertical Loads:

* Heavy Vehicle Load: Configuration is as per load model Proposed Evaluation Truck for Bermuda, as seen in Annex G.

* Standard Traffic Load: Configuration is as per Evaluation Lane Load proposed for Bermuda, as seen in Annex G.

A partial load factor of 1.6 should be applied in conjunction with a Dynamic Load Allowance of 1.25, as recommended in the "Evaluation Load & Design Load for Bridges in Bermuda" Report by Delcan International. Where loads are applied in two lanes, a lane reduction factor of 0.9 has been applied. The derivation of these numbers are described in the above mentioned report.

The troughing should be assessed in accordance with BD21/01 since the loading requirements for troughing are different to other elements.

Horizontal Loads:

In addition to the vertical vehicular load requirements, horizontal load will need to be considered in the form of vehicular impact with a barrier and traction and braking associated with the above mentioned vertical loads. These loads will be derived primarily from BD37 with reference to TD19 for restraint barrier system requirements.

Wind Loads:

Wind loads are based on an Exposure C Category of ASCE 7-2010, with a basic (nominal 3-second gust) wind speed of 150mph (67m/s) at an elevation of 10m above ground level. This speed is based on the wind speed around South Carolina with consideration to note 3 of Figure 26.5-1A of ASCE 7-2010.

Other Loads:

For this assessment it is not necessary to consider temperature range and gradient.

Structural Capacity

Structural capacity calculations should be undertaken in accordance with the UK Highways Authority standards suite; Design Manual for Roads and Bridges (DMRB) BD 56/10 (The Assessment of Steel Highway Bridges and Structures).

Capacity Checks

All checks should be Ultimate Limit State checks (ULS).

5. Final Reporting

The final report should include as a minimum all findings of the condition survey, analysis, any safety related findings and recommendations.

B. MATERIAL DISCLOSURES

Reference Materials should be used as a guide only. The bridge has undergone maintenance and rehabilitation that may not be included in the reference documents.
